BEAUTIFULLY UNIQUE

GUTTER IS FUNCTIONAL

But who says it can't be beautiful too?

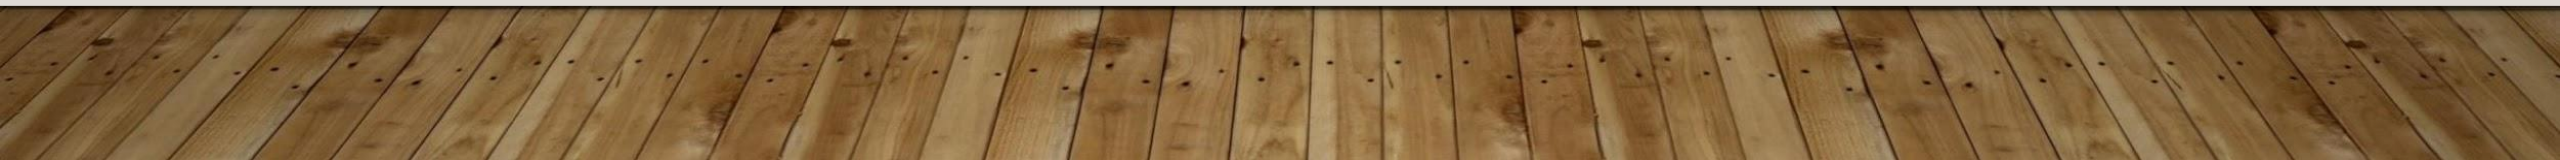

THERE IS AN EXISTING MARKET FOR DECORATIVE GUTTER

It's beautiful

It's elegant

It adds immediate curb appeal to your home

UNFORTUNATELY, IT IS ALSO...

- ✓ Expensive
- ✓ Difficult to install
- ✓ Labor intensive and time consuming
- ✓ Not offered by many installers

Due to these factors, a large customer base that wants the decorative option, is not being captured.

Until Now...

SO, WHAT SETS US APART?

Other embossed/decorative gutter

- Is a pre-embossed coil which creates extra labor of loading different materials as well as extra waste and cost due to the need to buy the full coil of a specialty material
- Seamless embossed gutter is only offered in copper, which is very expensive
- Half round requires a special and costly machine
- GutterArt
 - Is a quick change rolling system that easily attaches to the end of ANY K style gutter machine

SIMPLE, QUICK CHANGE SYSTEM

GutterArt Embossing Units Easily Mount to Any Existing Gutter Machine!

DO IT FOR ME

When packaging a combination deal, it is important to have something that sets you apart. Having an exclusive item, that adds a special finish to your overall package, makes all of the difference.
